Garment Information

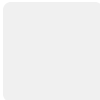

Type: Tailored blazer	Silhouette: Single-breasted two-button tailored silhouette with notched lapel	Construction: Woven tailored jacket with structured front, lined body, set-in sleeves
-----------------------	---	---

Construction & Trim Details

#	SECTION	DETAIL TYPE	DESCRIPTION
1	Front body	Closure	Single-breasted two-button front with left-over-right overlap and horizontal buttonholes
2	Collar and lapel	Tailoring structure	Notched lapel with shaped break line, padded and fused support through lapel and front edge
3	Chest	Pocket	Left chest welt pocket with narrow clean welt opening
4	Lower front	Pocket	Two straight flap pockets positioned symmetrically at lower front
5	Sleeve	Cuff finish	Set-in two-piece tailored sleeve with four-button cuff detail at each sleeve end
6	Interior	Lining	Fully or near-fully lined body in ivory jacquard lining with center back lining seam

Sewing Instructions

1. Fuse front facings, lapel sections, collar parts, and applicable reinforcement areas before assembly.
2. Assemble front and back body panels; join shoulder seams and prepare chest welt and lower flap pockets prior to full body closure.
3. Construct collar and lapel unit with undercollar shaping; attach to neckline and turn front edge for clean tailored roll.
4. Assemble two-piece sleeves, insert sleeve head roll and shoulder pads, then set sleeves into armholes with easing at sleeve cap.
5. Close side seams and finish hems; form center front overlap and sew main front buttons and buttonholes.
6. Construct lining separately, bag or fell lining to facings and hem as per tailored jacket method, leaving controlled ease pleats where required.
7. Finish sleeve vents/cuff button area, attach sleeve buttons, and complete final pressing to establish lapel roll and front shape.
